

VANINA VINCENT

Singer-Songwriter - Creative Researcher

"Music, that precious moment in which the moment merges with eternity"

From **Buenos Aires** via **Florence** via **Seville** now in **Berlin**. She has created a unique **fusion of styles** guided by femininity. Born in **Argentina** and raised in **Italy**, she carries her roots with her on stage and in the recording studio. Fusing Argentine pop influences of the 80s with rhythmic Northern European electronics.

Vanina Vincent creates a "unique" **tapestry of voice, guitar and percussion** at each show, using loops and acoustic instruments, bringing her audience to their feet.

Her lively and dynamic performances transport the audiences between Amparanoia(ES) and Juana Molina(ARG) styles. **Vanina Vincent** has lived the last 10 years, as a nomadic traveling artist moving between Europe and South America. During this time she has explored **musical scenes of both continents** and been swayed by the culture inspirations incorporating them into her musical practice.

"I wrote my first song when I was 9: it spoke of the balance between two forces. It is the intention that still characterises my research, a balance between modernity and decontextualised simplicity; an exotic journey between repetition and change"

*“If even one heart smiles when listening to this voice made into song,
I will dress with joy, since this journey will not have been in vain”*

During her travels **Vanina Vincent** loves to get in touch with local artists by commissioning a unique **“Crown”** made by these artisans. Each “Crown” is hand made and is proudly worn during her performances with purpose to symbolise body empowerment and individual freedom. Currently she continues her artistic research in Europe ie. Spain, Germany and Italy, her second home.

Her debut album **BLOom** (2020), was well received by Italian and European critics. “BLOom” has been enriched by the birth of an interdisciplinary art project entitled **Enciende el Color de la Musica** (Turn on the color of music).

Enciende el color de la Musica involved 8 artists of different nationalities to create original works inspired by listening to “BLOom”. Thus creating a **unique experimental dialogue and artistic interpretation** between music and painting.

Autumn of 2022 **Vanina Vincent** released the EP **Vibrante**, published by **Elastico Records** (Bologna/IT). Arriving with her music in the realm of electronics and free sound experimentation.

“Vibrante” describes how a vibrating being can attract to itself a reality in accordance with its deepest essence.

“Vibrant is everything that vibrates... and similar vibrations attract each other”

“I am a vibrant being, do you want to join too?”

"A musician with a very unique and amazing electronic ethnic touch, a show with a suitable ambient and tribal sound both listening and mood dancing" *Carmela Senfett* - [Ludwig Sound](#)

11 / 2022 [ITALIA] [Rockit.it](#) - Stefano Gallone

Vibrante rientra di diritto tra i lavori più meritevoli e interessanti tra quelli proposti in tempi tristemente scarni di senso e contenuto, e lo fa senza alcun timore di consolidare l'importanza della libertà espressiva come unico baluardo per riemergere da un torpore collettivo omologato e spersonalizzante.

El último trabajo de la cantautora, *Vibrante*, es un EP que recuerda notas lejanas conservando un toque de electrónica moderna.

Vibrante nuova pubblicazione a firma della *Elastico Records*. La musica che non ha geografia e limiti politici, non ha bandiera ma si muove e vibra dentro forme e modi decisamente figlie dell'esistenza e non dell'estetica.

Un disco che al colore, al corpo, al suono e alla forma canzone deve non solo l'estetica ma anche e soprattutto un concetto alto di vita. *Vanina Vincent* forse è una delle pochissime artiste davvero apolide nello spirito e nei fatti.

Cantautora argentina, naturalizada en Italia. Es una mujer creativa, versátil y nómada. Proclive a la experimentación. Una voz profunda que se desenvuelve entre letras con fuerte matriz poética.
